## Your Trip....

When the first European explorers came to the edge of the Grand Canyon on their search for El Dorado in 1540, they literally had no idea what they saw. The visual vocabulary for a gorge a mile deep, six miles wide and 277 miles long was simply not available; the distances were deceptive, the scale unimaginable. It took John Wesley Powell, a one-armed Civil War veteran, geology professor, and amateur linguist with a gift for observation and a fondness for river travel, to illuminate this grandest of canyons, and to truly discover North America's greatest natural wonder.

On this adventure you descend into one of the most beautiful landscapes in the world, the heart of the Grand Canyon, where we will hike and explore this incredible landscape. Some say you haven't lived until you've taken a journey through Grand Canyon. This journey will leave you with a sense of accomplishment, awe and a true appreciation and love of the grandest place on earth.

## Rim to River to Rim.... The Grand Loop

You are about to embark on a journey that few have the opportunity to experience. Due to extremely high demand and an exceedingly small number of available rooms, accommodations at Phantom Ranch are arguably the most difficult lodging reservations to obtain in the world.

Journey from rim to river and back at a holiday pace! This journey through geologic time is a must do for all adventurous travelers. Carrying only day packs, we will enter the canyon on the South Kaibab trail and spend two nights at world famous phantom ranch located in the bottom of the canyon. Our lay over day finds us exploring the secrets of the inner canyon and relaxing next to the mighty Colorado River. Next we ascend the Bright Angel trail back to the rim for a celebration of our triumph. This deluxe hiking trip combines the Grand Canyon's most spectacular hikes with opportunities to explore the magnificent archaeological and natural wonders of one of the world's seven wonders. This adventure is led and interpreted by our enthusiastic guides whose knowledge and personal connection to the land transforms your trip into a journey of discovery.

## We are the Grand Canyon Experts

Arizona Outback Adventures operates more multi-day tours to Grand Canyon than anyone else. Our guides each spend as many as 120 days every year in the canyon. Only they have the intimate knowledge and understanding that comes from essentially living in the canyon.

While we offer various types of trips, including day hikes, there is a common thread running throughout. They are active vacations focusing on hiking, exploring, fun and learning about the unique land and culture.

While you will see other people in the canyon, our guides will lead you to the hidden secrets. The most beautiful spots in the canyon are hidden from all but the most experienced travelers. Highlights include narrow side canyons with clear springs feeding lush gardens of ferns and watercress, underwater grottos, and awe-inspiring overlooks.

## DAY 1: DRIVE FROM SCOTTSDALE/PHOENIX TO THE GRAND CANYON SOUTH RIM

**8:00am** Today we shuttle from Scottsdale/Phoenix to the Grand Canyon South Rim. Our total drive time today is about 3.5 to 4 hours and every bit of the drive is scenic. We travel through four unique biomes, beginning in the Sonoran Desert filled with towering saguaro cactus and leading up thousands of feet in elevation onto the Mogollon Rim, a high plateau covered in vast pine forests capped off by the San Francisco Peaks. Along the way our guides offer insight into the geological and natural history of this unique landscape. Soon we arrive at the Grand Canyon, where we'll head to Pipe Springs Vista for sweeping views of the canyon. Leaving from there on foot, we enjoy a superb hike offering views from many different vantage points and connecting the main points of interest along the Grand Canyon's South Rim. From points along the trail, we'll enjoy a bird's eye view of the hiking routes planned into the canyon's depths in the coming days. Finally, we hike right to our lodge perched on the rim. Tonight we enjoy the sunset and dinner in Grand Canyon Village.

**Hiking: 4 miles    Meals: Breakfast on own, Lunch & Dinner included**

## DAY 2: HIKE DOWN THE SOUTH KAIBAB TRAIL TO PHANTOM RANCH

Today's descent is 7 miles and 4,780 feet into the grandest of canyons. Our route takes us down a ridgeline affording jaw dropping 360-degree views of the labyrinth of amphitheaters, temples and buttes. The trail begins with a series of switchbacks to breathtaking Ooh Aah Point before we resume our descent another 1,200 feet, traveling back 40 million years in the geologic record to Cedar Ridge. From here we traverse the Tonto platform before dropping into the inner gorge. The last part of our hike takes us along the Colorado River and over a suspension bridge until at trails end we find Phantom Ranch nestled on the banks of Bright Angel Creek just before its confluence with the mighty Colorado River. Originally founded in 1903 as a hunting camp and named by Mary Elizabeth Jane Colter after nearby Phantom Creek, this is our home for the next 2 nights.

**Hiking: 7 miles (Trailhead is at 7,200 feet – Phantom Ranch is at approximately 2,500 feet – TOTAL elevation loss of nearly 5,000 feet)**  
**Meals: Breakfast, Lunch & Dinner included**

## DAY 3: A DAY TO ENJOY PHANTOM RANCH AND THE PEACEFULNESS OF THE CANYON WALLS

Today we hike the beautiful Clear Creek Trail and River Trail. However, many participants choose to use this day for relaxation, cheering on the Rafters, socializing with other adventurers, or stretching out in the shade with a book and a cold beer. All our meals will be at Phantom Ranch and a day in the very bottom of Grand Canyon is all yours with the canyon walls blocking out the rest of the world affording a feeling of tremendous peace and tranquility. Photographic and bird watching opportunities abound in this lush green riparian habitat fenced in by sheer walls of rock. Your guides will be available all day to share with you the secrets of one of the world's most special places.

**Hiking: 3-5 miles    Meals: Breakfast, Lunch & Dinner included**

## DAY 4: ASCEND THE BRIGHT ANGEL TRAIL TO THE GRAND CANYON SOUTH RIM VILLAGE

The rising sun finds us preparing to conquer the canyon. Our exit is the Bright Angel Trail, one of the classic treks in Grand Canyon. After crossing the Colorado River, the trail snakes its way up out of the inner gorge to the shady oasis of Indian Gardens. Here we will refuel and refill with water before tackling the steep ascent up Jacob's Ladder through the Redwall layer. While always a tremendous challenge, your guides will provide you with helpful hints, strategies, techniques, and their insider knowledge of the keys to a successful ascent. With proper preparation, hydration, and diet, the entire group will soon be high-fiving and hugging on the rim. We walk just a few more steps to our lodge perched right on the rim of the canyon. Tonight we celebrate our shared accomplishments at historic El Tovar before retiring to our rooms for some well deserved rest.

**Hiking: 10 miles (Phantom Ranch is at approximately 2,500 feet – Trailhead is at 6,785 feet - TOTAL elevation loss of nearly 4,300 feet)**  
**Meals: Breakfast, Lunch & Dinner included**

## DAY 5: TOUR THE SOUTH RIM AND RETURN TO SCOTTSDALE/PHOENIX

For those who can't get enough of the canyon the fantastic Rim Trail awaits. Using the shuttle system you can hike one way along the rim and it is a great way to stretch your legs and get a birds-eye view of the route you traversed in the days prior. Other interesting cultural sites include Hopi House, condor talks, and the many interpretive centers. Following this relaxing morning we will begin driving back to Scottsdale/Phoenix with a stop for lunch en-route. We will return between 3:00pm-5:00pm.

**Hiking: 0-3 miles optional    Meals: Breakfast on own, Lunch included**

## ARRIVAL & DEPARTURE INFORMATION

Airfare is not included in the cost of our trips. For air reservations, we recommend you contact the airlines directly, either by phone or the Internet. We recommend your airline flights be scheduled to arrive the day prior to your trip start date and depart the day after your last trip date. Flights can be booked to arrive and depart from Phoenix International Airport (PHX) in Phoenix, Arizona. **Before purchasing your ticket(s), please check with our office first to insure that your trip has the necessary minimum number of guests required to operate.** AOA cannot be responsible for penalty fees or additional airfare costs as a result of trip cancellations or changes to our itineraries.

### **Where do we depart from?**

Marriott Courtyard Old Town Scottsdale - 3311 N. Scottsdale Rd., Scottsdale, AZ 85251  
Phone: 480-429-7785 [www.courtyard.com/PHXSC](http://www.courtyard.com/PHXSC)

### **What time will we depart?**

We will be departing at **8:00am** from the front lobby. We will not be hiking this day so comfortable, casual clothing is fine.

### **When will we return? When should I schedule my flight home?**

You will return to Scottsdale/Phoenix between 3:00pm and 5:00pm on the last day of the trip. Please do not schedule return flights before 7:00pm, as the return time is dependent upon traffic and drive time. If you must schedule a flight out that evening, please notify our office and we will do what we can to accommodate and assist you in getting to the airport on time. After an intense week of activity in the sun, many trip members are very tired at the end of the trip. Considering this we strongly suggest departing the day after your trip ends. AOA will not be responsible for additional expenses incurred by trip members for missed flights. Transfers to and from the airport and your hotel are on your own.

### **Can I meet the group some place other than Phoenix?**

YES, there is an option to meet in Flagstaff, Arizona at the Flagstaff Airport Parking lot at 10:30am. Please ALWAYS notify our office of your travel plans in advance so we can confirm a meeting location with a map and directions.

## WHERE TO STAY PRE & POST TRIP

Pre- and post-trip lodging is not included in the cost of the trip and we recommend you reserve rooms well in advance at the Marriott Courtyard Old Town Scottsdale. We highly recommend this hotel as it is where we will be departing from on Day 1 of the itinerary. We have negotiated special rates for guests traveling with AOA at this hotel. We do not pick up at any other hotel so if you decide to stay elsewhere, please expect to take a taxi to the Marriott Courtyard the morning of the start of your trip.

## THE ACCOMMODATIONS

### **Sleeping quarters OUT of the Canyon**

The Grand Loop itineraries each include 2 nights lodging on night 1 and 4 at either Kachina Lodge or Thunderbird Lodge at the South Rim. Both lodges are located on the rim and both are in walking distance to many of the canyons shops, restaurants and viewpoints.

### **Sleeping quarters IN the Canyon**

We will spend two nights at Phantom Ranch. On most trips all accommodations are shared same sex dormitories (think bunkhouses with one bathroom). It is common that there will be other travelers (not in our group) sharing our dorms. Rarely we are able to reserve private cabins allowing couples/families to stay together, however please be advised that you will likely share this cabin with other members of our group. We will make every effort to accommodate requested roommates, however please keep in mind that this is the ONLY place to stay and options are very limited.

Phantom Ranch is a comfortable oasis nestled at the bottom of the Grand Canyon. It is tucked in beside Bright Angel Creek on the north side of the Colorado River and is the only lodging facility below the Canyon rim. The Ranch can only be reached by mule, by foot, or by rafting the Colorado River and is a popular stop-over point for hikers and mule riders traveling to the bottom of the Canyon via the famous Bright Angel or Kaibab trails. The ranch was designed by architect Mary E. J. Colter and completed in 1922. The rustic cabins and main lodge are built of wood and native stone and do not intrude on the natural beauty and solitude of the setting. Overnight accommodations at Phantom Ranch consist of dormitory spaces and cabins. Cabins and dormitories are heated in the winter and cooled during the summer months.

**Dormitories** are separated for women and men - each has ten bunk beds, a shower, and restroom. Nearly all of our trips stay in the Dormitories. Phantom Ranch also has a limited number of unique, rustic **cabins**. Each is furnished with a set of bunk beds, all bedding, cold water sink, toilet, liquid soap, and towels. Showers are provided at a central location. We rarely have cabins reserved. Should you be assigned to a cabin we will notify you before your trip with a list of your cabin mates. Also popular is the Phantom Ranch Canteen where meals, beverages, and sundries are available for the adventurous travelers who journey to the bottom of the Canyon.

### **Will there be electricity to charge batteries and equipment?**

Yes, the dorms and cabins have electrical outlets. That said they can be in high demand, so we recommend that you bring enough batteries for all your equipment for the entire trip.

AOA will pay for room, tax and provided meals on the itinerary when staying at the lodges. You are responsible for any additional charges (i.e. telephone, snacks, laundry...), when you check out of the hotel.

### **BATHROOM & SHOWER FACILITIES**

Trailside toilet facilities are composting toilets and are located strategically along the trails we will hike. Most national park toilets are stocked with toilet paper, but it is always nice to have your own roll in your pack. Ask your guides for helpful hints and etiquette for using these toilets and should you need to go at times when they are unavailable.

*...and here's one for the ladies ...* feminine hygiene products should be brought in plastic ziploc bags. Please bring extra ziplocs for disposal after use. Please remember, your guides, whether female or male, have spent many days with groups in the backcountry. They have certainly heard your question before and will always be helpful and mindful of your privacy. Plus, they may have extra supplies should you need any.

### **SINGLE TRAVELERS**

Single rooms cannot be accommodated at Phantom Ranch, but they can be requested while on the rim. All trip prices are based on double occupancy when on the rim. If you specifically request single hotel accommodations you will be asked to pay a single supplement fee. If you wish to share hotel accommodations we will assign you a roommate of the same sex, if one is available. If a roommate can not be found, you will be charged the full single supplement fee. Please be advised that there are a limited number of single rooms available.

### **IF YOU HAVE MEDICAL NEEDS...**

If you have any physical or psychological medical conditions, it is very important you let us know well before departure by filling in the appropriate spaces in the medical information portion on your personal information form. Trip leaders have the right to deny participation to anyone at any time during the trip if they feel the trip member is mentally or physically incapable of continuing and/or if a trip member's continued participation jeopardizes the group's or his/her own safety. Under either of these circumstances, refunds are not given.

All guides carry a **basic** first aid kit for emergencies. Your guides do not carry prescription medications. Please be aware that hospital facilities for serious medical problems may be a long way away, that a doctor may not always be available, and that evacuation can be prolonged, difficult, and expensive. By signing our release form, you agree to pay for emergency evacuation and emergency medical care should the need arise. No refunds are given if you should have to leave the trip.

### **IF YOU HAVE DIETARY RESTRICTIONS OR SPECIAL REQUESTS...**

Please let us know if you have any specific dietary needs or requests (i.e. vegetarian, gluten free, allergic to nuts, love hot chocolate, etc.) This information should be included on your Personal Information Form you will receive in your confirmation packet. We encourage you to be specific to what you can eat and what you prefer to eat. We make every effort possible to accommodate these requests. Please keep in mind that at Phantom Ranch we have a choice of only 1 of 3 possible meals: Steak, Hikers Stew or Vegetarian (on some nights only 1 is available). On the rim, we eat in restaurants where you can order off the menu. Should your specific dietary requirements not be met by the provided meals please inquire with our office about potential solutions. In addition, we would love to know if you are making this trip because of a special occasion such as an anniversary or birthday.

#### ***Should I bring my own snacks?***

Plenty of food and snacks will be available to you at all times during the trip. However, you are welcome to bring snacks that you prefer. Should you bring your own, remember to **never** leave them in your backpack unattended. Animals will chew through your backpack, ziploc, etc to get to your food. Losing your food will bother you far less than the big hole chewed through your new backpack.

## DRINKING WATER IS PROVIDED

AOA provides bottled water for all guests. You will need to keep the bottles we provide and refill them at locations along the trail and at Phantom Ranch. If you have a Camelbak or similar hydration pack with a water bladder/reservoir, we recommend you bring that and fill it each day.

We rent backpacks and sell water bladders appropriate for this trip. Information will be on your Personal Information form.

## THE TRAILS & HOW TO TRAIN FOR THE TRIP

The Grand Loop is a strenuous trip and is not recommended for novice hikers. Day 2 requires that you hike downhill for 7 miles and for those with a history of knee problems this can present a serious challenge. For the majority, the most difficult day is our hike up the Bright Angel Trail. It requires that you gain almost 4,300 feet of elevation over 10-miles. The final 4-miles consist of unrelenting uphill switchbacks. The trails are wide and well maintained however, there are sections with loose rock and many "step ups/step downs". Before embarking on this trip you should feel confident in your ability to walk uphill for up to 8 hours.

We recommend doing some significant training before you join us, as your trip will be far more enjoyable if you do not have sore muscles or blisters. The best way to prepare for the trip is to start moderate training with hiking and walking a few months before departure. Walking and hiking targets specific muscles that are utilized differently than when running or cycling. We recommend that you take long, swift walks wearing the boots or shoes that you will wear into the Canyon. Within a month of the departure you should have 1 hike accomplished (without serious discomfort) that is at least 10 miles in length. As always, ***you should consult with your physician before commencing with any new workout program.***

Certain sections of the trail are quite rocky and we recommend wearing mid-weight, sturdy, supportive hiking shoes or boots. However, comfortable athletic shoes or trail running shoes can work also. Whichever you choose, please make sure you break them in prior to your trip.

### ***Are any of the trails steep or exposed?***

Yes. There are a few steep sections and exposed overlooks on the trails we hike. The good news is that the trails are 8-10 feet wide and it is possible to complete the entire hike without going within 5-feet of a drop off. If you have any concerns about your hiking ability, fear of heights, or the trails, please share them with your guides. They are highly experienced in supporting and leading you through whatever route you choose - fear of heights is one of the most common concerns they encounter.

### ***Will we get wet during the hikes?***

Only by choice – you may dunk in some of the tributary creeks such as Bright Angel and you may want to soak your feet in the Colorado River. We require protective footwear at all times when wading or refreshing in the. The guides will not let you wander around or wade barefoot. On this trip your feet are equivalent to your car, so take care of them and protect them. Guides are always available to assist with any stream crossings you might encounter.

## WHAT YOU MIGHT WANT MONEY FOR

### **Cash**

Take most of your money in small denominations of cash. The Phantom Ranch Canteen also offers a limited variety of hiker items including snacks, beverages, stamps, T-shirts, postcards, and first-aid supplies. You may also want to have cash on hand for tipping your guides at the end of the trip as an ATM may not be available. Guidelines for tipping are found below.

### **Credit Cards & ATM Cards**

Credit Cards and ATM Cards are accepted at most major establishments in the cities. Most of the establishments on the rims accept credit cards also. There are no ATM's available at Phantom Ranch.

### **Is there a place to lock up valuables in the canyon?**

NO! However, keep in mind that there are few thieves that will go through the difficult process of obtaining permits/reservations and then hike 10 miles into the Grand Canyon for the opportunity to carry your personal items back to the rim. Plus, there are many less difficult methods of obtaining your credit card number or swiping your watch. To be safe, we recommend having a small pouch that you keep with you at all times. A tiny fanny pack or something else light that you can both carry with you and easily stow in your backpack is ideal. Items such as expensive watches, jewelry, etc should be left in the luggage trailer at the rim unless you plan to wear them at all times.

### **Tipping**

Guests often ask us for guidelines on tipping their guides. The guides appreciate gratuities and divide them equally. AOA prides itself on our outstanding crew and they are there to meet all your expectations. If you feel the service provided has been outstanding, the standard gratuity is 10-15% of the trip price. Tipping is at your discretion and this information is provided **only** as a suggestion. It is not required, but it is customary.

## TEMPERATURES TO EXPECT

During most months the canyon receives very little precipitation. During these times, you should plan for warm, sunny days. July and August have sporadic afternoon thunderstorms and December, January and February can have winter rain or snow storms. There is also a rare possibility of winter storms on the rim occur during the months of March and April. Remember, it is a dry heat!

Listed below are the average air temperatures at the 2 locations we will visit during our trek. On the trails in between these locations expect temperatures to be in between the two. You can check up-to-date weather conditions prior to departing for your trip at [www.weather.com](http://www.weather.com) and enter "Grand Canyon, Arizona" for the city – this will give you the forecast for the South Rim only.

The rim of the canyon is located at approximately 7,200 feet in elevation with Phantom Ranch located at approximately 2,500 feet in elevation. It is common for there to be a temperature difference between the two locations of 30-degrees or more. This wide temperature range makes it difficult to provide generalized weather advice for your adventure, therefore we have provided the detailed table below to help you prepare for your trip.

## WHAT TO PACK

During most times of the year, you will spend nearly all of your vacation in shorts and t-shirt. Lightweight, quick-drying fabrics such as nylon, fleece and other synthetic materials are preferred. Cotton, especially denim, is not recommended as it retains heat and moisture. Of course, comfortable cotton is great for nighttime and sleeping apparel.

Items and luggage brought only for the trip to and from the Canyon, or the rest of your vacation, can be left in the locked vehicle at the rim. The vehicle WILL be shuttled to the south rim so everything you need will be there when you get there.

## CREATING THE PERFECT VACATION

Our guides don't take *clients*, they lead our *guests*. Good guides love to share these spectacular places with others – that is why they chose their profession. Ask lots of questions. This will indicate to the guide that you are interested and they will share their knowledge. This adds tremendously to the quality of your experience. Always be respectful of the place you are in, your fellow travelers and your guides. Never be afraid to express your concerns or ideas – after all, it is your trip!!

1. **SAFETY** - It is our foremost priority. All guides are First Aid and CPR certified and equipped with extensive first aid kits, additional water and a cell phone or two-way radio. Many have advanced certifications such as Wilderness First Responder, Swift Water Rescue and National Outdoor Leadership degrees.
2. **COMFORT** – Backcountry luxury – we will provide everything you need from spacious tents with luxuriously thick sleeping pads to a private wash/shower station. 3. **FOOD** – Backcountry gourmet – A professional chef plans our menu and trains our guides on how to prepare and present his culinary creations. Expect hearty, healthy meals with fresh vegetables, fruits and proteins every day. If you have any special dietary needs or restrictions, they can easily be accommodated.

## ITINERARY CHANGES

Every attempt will be made to adhere to each trip's published routes and itinerary; however, safety issues, weather or other extenuating circumstances beyond our control may result in unexpected changes. ## TRIP CANCELLATION

**TRIP MINIMUMS:** Each trip requires a minimum number of participants for departure. Arizona Outback Adventures (AOA) reserves the right to cancel scheduled trips that do not meet minimum sign-up requirements (usually 4 guests). If a cancellation is necessary, AOA will notify guests no less than 45 days prior to the departure date of their trip. In the event of a trip cancellation, the options are:

Guests may select another departure date for an equivalent trip at no additional charge;

AOA will operate the trip for an additional charge per guest based on the number of guests signed up 30 days prior to the departure date of the trip; or,

AOA will provide a full-refund of any monies paid to AOA.

**FORCE MAJEURE:** AOA reserves the right to revise or cancel all or a portion of a trip for force majeure (e.g., terrorism, war, fire, flood or other natural disaster) or any other circumstances beyond our control. If a trip is cancelled due to force majeure, AOA will make every effort to offer an alternative trip for the same departure and return dates with an itinerary that offers experiences similar to the original trip. If AOA offers an alternative trip in place of the original trip, guests may choose to join the alternative trip or select another departure date for the original trip at no additional charge.

If a guest chooses to cancel altogether, cancellation fees will apply as outlined above. In the event of AOA's cancellation and AOA does not offer an alternative trip, full or partial refunds, if any, will be at AOA's sole discretion.

In the event of cancellation by AOA, AOA is not responsible for additional expenses incurred by guests in preparing for the trip (e.g., non-refundable air tickets, rental cars, hotel reservations, visa fees if applicable, gear, medical expenses, etc.).

*Due to the possibility of itinerary changes or trip cancellations, we strongly recommend that our guests purchase travel insurance that includes the cost of their airline tickets, many of which are completely nonrefundable and nontransferable.*
